HEAD'S

A WONDERFUL DISCOVERY!

CARBOLINE

A DECOCRIZED EXTRACT OF PETROLEUM, The only Article that will Restore Hair on Bald Heads.

WHAT THE WORLD HAS BEEN WANTING FOR CENTURIES.

The greatest discovery of one day, so far as a large portion of humanity is concerned, is CAB-BOLINE, an article prepared from Petroleum, and which effects a complete and radical cure in case of balduess, or where the hale, owing to diseases of the scalp, has become thin and tends to fall out. It is also a speedy restorative, and, while its use secures a luxuriant growth of hale. It also brings back the usural color, and gives the most com-plete satisfaction in the using. The falling out of the hale, the arcomulations of dandruif, and the premnines change in color, are all evidences of a diseased condition of the scalp and the glands which nourish the hair. To arrest these er the article used must possess modical as wall as elimited virtues, and the changemust begin under the scalp to be of permanent med lasting benefit. Such an article is Carmiting, and like many other wonderful discoveries it is found to consist of elements almost in their unional state. Petro-leum oil is the article which is made to work such extraordinary results; but it is after it has been chemically treated and completely decelerized that it is in proper condition for the tollet. It was in far-off Russia that the effect of petroleum upon the hair was first observed, a flovernment officer having noticed that a partially hald-headed servant of his, when trimming the isings, had n habit of wiping his oil-besidenred hinds in his seanty locks, and the result was in a few months n much finer hend of black, glossy hair than he ever had before. The oil was feled on horses and calle that had lost their hair from the eatile plague, and the results ween as rapld as they were marvelous. The len out, were completely restored in n few weeks, These experiments were heralded to the world but the knowledge was practically necess to the prematurely bald and gray, as no one in civilized society could tolerate the ose of reduced petroleum as a dressing for the unir. But the skill of one of our own chemists has overcome the difficulty, and by a process known only to himself, he has, after very elaborate and costly asperlments, sucreeded in deodorizing petroleum, which renders it ans-expilible of being hindled as dnintily as the famous sea de cologae. The experiments made with the desdorized liquid on the human hair were at-tended with the most astonishing results. A few applications where the hale was thin and fulling gave remarkable tone and vigor to the scalp and hale. Every particle of dandruff disappears on the first or second decasing, and the liquid, so searching in its nature, seems to penetrate to the rools al once and set up n radical change from the sinri. It is well known that the most beautiful colors are made from petrolenm, and by some myaerions operation of nature the use of this acticin gradually imparts a beautiful light-brown color to the liste, which, by continued use, deepens to n black. The color remains permanent for an in definite length of time, and the change is so grad-nal that the most intimate friends can scarcely detect its progress. In n word, it is the most won-derful discovery of the age, and well calculated

The article is telling its own story in the hands of thousands who are using it with most gratifying and encouraging results:

MR. BINSTAVUS F. HALL, of the Onics Opern Troupe writes: "After six weeks use am convocated, as are also my nomrades, that your CAR-notNe has and is producing n wonderful growth of heir where I had none for years."

N. MCCLARRAN, Sixth. Assence. Pharmage. N. McClarnay, Sixth Avenue Pharmacy, Philoburg, Pa., save: "The good effects from the use of Carbotina are houghill only unlike every day to such an extent in to justify me in recom-neuding it to my most infinite friends."

to make the premsinrely bald and gray rejoice.

We advise our readers to give it a trial, feeling satisfied that one application will convince them

MEXICAN

Mustang Liniment,

FOR MAN AND BRAST.

This liniment very naturally originated in America, where Nature provides in her inhoratory such surprising antidotes for the maladies of her children. Its fame has been spreading for S years, until new it encircles the habitable globs.

The Maxican Mustang Liniment is a matchies remedy for sill axtornal allments of man and beast. To stock owners and farmers it is invaluable.

A single bottle often saves a human life or restores the usefulness of an azcellent horse, ex, eow, or sheep.

eow, or sheep.

It cures foot-rot, hoof alt, hollow horn, grub, serses-worm, shoulder-rot, mange, the bites and stings of poisonous repities and insects, and every such drawbask to stock breeding and bush life.

It cures every axternal trouble of horses, such alternate accretion against straight founder.

as lameners, scratches, swinny, sprains, founder,

wind gail, ring bons, etc., etc.

The Mexican Mustang Liniment is the quicker The Rexican Kustang Hailment is the quickest, sure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumotism, and suffiness angendered by exposure. Pacticularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the nuscle to the bone, and a single.

FARE \$2.00 PER DAY. penetrates too muscle to the bone, and a magic application is generally sufficient to cure.

Mexican Marting Limmont is put up in three sizes of bottles, the larger ones being proportion-ately much the cheapest. Sold everywhere.
